

## EV Charging Adapter TYPE1 TO GBT

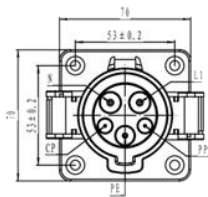

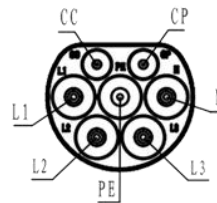

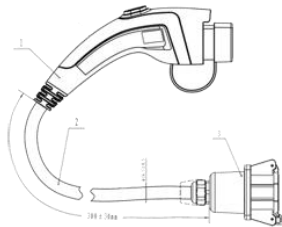

### Temperature:

-30°C~+50°C

### Packaging Details:

TYPE1 to GBT Adapter for charging American EV cars from EV charger with European standard, 2pcs in one carton, carton size 45\*45\*26cm

EV Charging Adapter TYPE1 to GBT is ideal for transform electric car charging TYPE1 to GBT.

### EV Charging Adapter TYPE1 TO GBT Features

- EV Charging Adapter Type 1 to GBT. Easily convert your home charge unit with a Type 1 plug to a GBT plug. Enabling you to charge all vehicle makes without having to change your charge unit.

## AG ELECTRICAL MANUFACTURE FACILITY

- If you use this charging adapter there is no need to worry about the power safe problem when you use this charging adapter.
- EV Charging Adapter TYPE1 TO GBT cable acquires all safety and production certificates in electrical filed, ISO9001, ISO 14001, OHSAS 18001.

### Application of EV Charging Adapter TYPE1 TO GBT

#### Apply to Vehicle

For Tesla model3, for Tesla Model S, for Tesla Model X, for BAIC EU-Series, for BYD Yuan/S2 EV, for BYD e5, for Chevrolet Volt, for Mia, for Mia Electric Van, for Mitsubishi OUTLANDER PHEV, for Nissan NV200 SE Van, for Nissan leaf, for SAIC Baojun E-Series, for SAIC Roewe Ei5 EV, for BMW 530e/Le, for Renault Zoe, for Hyundai Kona EV, for BMW i3, for BYD Tang PHEV, for Chery eQ EV, for Toyota Prius PHEV, for Volkswagen e-Golf, for Geely Emgrand EV, for Great Wall Ora R1 EV

#### Application in area

Commercial EV charging/Workplace EV charging, Hotels EV charging, Home/Residential EV charging, Public EV charging

### EV Charging Adapter TYPE1 TO GBT Parameter

Model Number	DSIEC3j-EV200P
Type	TYPE1 TO GBT
Grounding	Standard Grounding
Application	Commercial
Color	white, grey, green, blue, black (custom color accepted)
Rated current	200A
Rated voltage	600V
Warranty	12 months
Protection Degree	IP65
Material	Thermoplastic UL94 V-0
Function	Can with drain hole on the housing
