

## TYPE2-TYPE2 Charging Mode3

### Features of TYPE2-TYPE2 Charging Mode3

- Conform to the provisions and requirements of 62196-2 IEC 2010 SHEET 2-IIe.
- Product assembly conforms to IEC 61851-1-2010 charging mode 3 connection mode B2.
- Adopt no screw riveting pressing process, beautiful appearance. Hand-held design in line with ergonomic principles, convenient plug.
- Reliable materials, flame retardant, pressure resistance, abrasion resistance, impact resistance and oil resistance.

## AG ELECTRICAL MANUFACTURE FACILITY

- Excellent protection performance, IP55 protection level of the plug (working state) high security.
